

SEASON OF GIVING

In the spirit of the holiday season, the attorneys and staff at O'Neil Cannon recently collected items to be donated to The Women's Center in Waukesha. The mission of the Women's Center is to *"provide safety, shelter, and support to empower all impacted by domestic abuse, sexual violence, child abuse, and trafficking."*

The services offered by The Women's Center include emergency shelter for abused families, transitional living, counseling, child abuse prevention programming, legal advocacy and employment counseling. It also provides Hispanic outreach, community education programs, information and referral services, and a 24-hour hotline. If you are interested in donating or learning more about this amazing community organization, you can visit [here](#) to find more information.

Best wishes for the holiday season.
